Specialized in converting Single Unit Dwelling to Duplex, Triplex or Fourplex.

Our **BCIN Designers in Ontario** provide design services & issue construction drawings. If you are unaware of what BCIN stands for, it means Building Code Identification Number, as stated under article 2.17.5.1 of the Ontario Building Code. If you don't have a BCIN, then you won't get a building permit.

The Ministry of Municipal Affairs and Housing began looking into ways to develop a certified body of Inuit designers and expedite the building permit process across a of C near the of 1999. Bill 124, which went into effect in 2006, was the result of these efforts. The bill also has other requirements that a BCIN designer needs to

The

All but one intend to utilize some form of engineering construction permit in Ontario and be required to go through a registration process. Time frames established by the BCIN designer for the processing and issuance of a construction permit. Mandatory use of a provincial permit application form and new rules affecting permit fees.

IT/Building Permit Designer have **BCIN designers in Ontario** who meet all requirements of Bill 124 and are licensed under article 2.17.5.1 of the Ontario Building Code. Although there are other qualifications and experience you should seek in a BCIN designer, make sure they have a BCIN license. Contact us if you are in need of a building permit or BCIN designer.

When is a Building Permit Required?

When is a Building Permit Required?

You will need a building permit if you plan to:

- Construction for a new building
- Construct an addition to an existing building
- Make structural alterations
- Renovate, repair or add to a building
- Demolish or remove all or portion of a building
- Change a building's use
- Install, change, or remove partitions and/or load bearing walls
- Make new openings for, or change the size of, doors and windows
- Build a garage, balcony or deck
- Excavate a basement or construct a foundation

I got designed my Basement Drawing which was, approved very short time by City of Brampton and Now Basement is legal and Rented.

Gurdev Jawanda

It permit is doing our building permit for the new house in Oakville, we are very satisfied with them. We are General Contractors and we always need such good persons.

Milentije Djordjevic

Vivek has a great knowledge of the Building Code, and his guidance helped us to complete our second floor. He has great experience with the City, and his rates are reasonable compared to other contractors.

Neha Garg

We have been active since 2012, and specialize in permits in residential, commercial and industrial designs. We serve all over Greater Toronto Area beyond. Reach out for a quote.
